## Huawei Recovery Image Verify Failed

24 so I tried to flash it again with another usb data cable. At this point I did not need to start recovery, but unfortunately got the same error message "Recovery image verify failed". firmware installation failed on my mobile and tv box. It

shows "recovery image verify failed" when I connect to it using fastboot. I want to know will my lg or etc mobile v5x update

Hi, I have a suspicion that your phone might be in the boot loop. Check the Volume up and down keys on the phone now, and see if your phone is charging or showing the following message: "Recovery image verify failed." Try booting the device into the "Recovery" mode, and run a full data wipe

---

to force the bootloader to reset. Once in "Recovery" mode, run the following two commands using the command prompt: "fastboot reboot bootloader" "fastboot erase userdata" "fastboot reboot" Re-enter the following 2 commands in order to boot into the phone's Recovery/Factory mode: "fastboot reboot recovery" "fastboot oem unlock" I believe you should be able to see a message stating

"VERIFIED\_ROOT" or the number of the set verified boot mode. You can now reboot the phone and verify your set verified boot mode. If you're still having trouble, we can walk through the steps of a factory reset procedure to attempt to restore your phone's system to a working state. If you choose to factory reset your device, you'll need to be patient. This could take a few hours or more! Make sure you have all your

---

important information backed up on your computer/SD card.

To factory reset the phone, please tap and hold the Power button on the front of your device. When the "Slide to power off" message appears, tap the Power button once to confirm your action. This will remove all of the data you've stored on your phone and wipe everything in your internal storage. While we're at the screen, scroll down to the "Wipe data/cache" option,

---

tap on it to select it. Now tap  
and hold down the Power  
button until the message  
"Turning off" appears. Now  
press the
